Grasp Wall

Designed by Thomas Albertsen

Introducing Thomas Albertsen's design - Grasp Wall. Available in white, black, petrol, beetroot & brass, Grasp Wall borrows the distinctive look of the Grasp Pendant lampshade to create a contemporary twist on a classic look, providing cosy wall illumination for interior spaces. It can be placed in a variety of settings ranging from the bed side, a reading corner, the bathroom or wherever great light is needed.

The three-stage dimmable ONE light source adapts to your mood, creating an atmosphere that's yours to control - be it for an intimate evening, a quiet moment of focus, or even a lively outdoor gathering due to its IP44 treatment.

About the Designer

Graduating from the prestigious Danish Design Academy in 2007, Thomas Albertsen's creative genius has spanned a wide spectrum, from crafting imaginative children's furniture to illuminating interiors with his distinctive lighting designs.

Albertsen's hallmark is his unwavering commitment to infusing simplicity with an unforgettable yet playful character. The result is a portfolio of designs that not only captivates but also redefines the pure essence of living - a combination which is sure to widen the popularity of this home grown talent in the years to come. In 2024, Albertsen's Grasp design won the Danish Design Favourite of the Year and Lamp of the Year.
