General Instructions

WARNING: PLEASE READ BEFORE INSTALLATION

The safety of this fitting can only be guaranteed if the following instructions are observed during both installation and use. Please keep these instructions after you have installed the product for future use.

If the external flexible cable or cord of this product is damaged, it should only be replaced by the manufacturer, a service agent or a qualified electrician to avoid a hazard.

To reduce the risk of strangulation, the flexible wiring connected to this product should be fixed to the wall if the wiring is within arm's reach.

Important safety instructions

This portable lamp has a polarised plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarised outlet in only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.

WARNING – Risk of Fire – Use 20 W Maximum, Type MR Shielded Lamp. Not Rated For Enclosed Use Only

WARNING – RISK OF FIRE/INJURY TO PERSONS.

Form A-3 where visible during setup, or on a Form A label attached to the power-supply cord.

WARNING – To reduce the risk of FIRE, ELECTRIC SHOCK, EXPOSURE TO EXCESSIVE UV RADIATION, OR INJURY TO PERSONS:

- 1) Turn off/unplug and allow to cool before replacing bulb.
- 2) Bulb gets HOT quickly! Only have contact with the switch/plug when turning on.
- 3) Do not touch the hot lens, guard, or enclosure.
- 4) Do not remain in light if skin feels warm.

- 5) Do not look directly at lighted lamp.
- 6) Keep lamp away from materials that may burn.
- 7) Use only with a 20 W or smaller bulb. Lamp holder – Listed, OOIX/7, GU10 base
- 8) Do not touch the bulb at any time. Use a soft cloth. Oil from skin may damage bulb.
- 9) Do not operate the portable lamp with a missing or damaged guard, lamp containment barrier, or UV filter.

Please observe the following guidelines

- Ensure that the power supply has been switched off prior to installation or removal of the product.
- Never undertake an electrical installation without the proper knowledge or training. If you are not familiar with electrical wiring, contact a qualified electrician.
- The product may in no way be modified or tampered with. Any modification may compromise safety and make the product itself dangerous to use. Ferm LIVING does not accept any responsibility for products that have been modified.
- This product requires the use of a light bulb that is not included. Please use a light bulb that has the relevant safety certifications and approvals for your area.
- Any modifications must be performed only by qualified personnel to avoid any danger.
- This product is meant for indoor use only.
- This product should only be stored in a dry area.
- This appliance should not be disposed in a domestic trash receptacle and should instead be recycled appropriately.
- Use only a soft cloth to clean the product.
- Keep away from combustibles.
- Do not place lamp where the overhead surface is closer than 5 mm to the product.
- The product is not suitable for mounting on tubular material.
